## OSHA INSPECTION

Brandon Weigle, Superintendent for the Fort Indiantown Gap Police Station project, has passed his first big OSHA visit with zero violations.

Well done, Brandon!

## FREDERICK, MARYLAND RUTTER'S

eciConstruction built this new, \$5.1 million Rutter's gas station in Frederick, Maryland. In addition to the standard Rutter's store features such as a made-to-order food counter and beer cave, this location includes truck-accessible pumps and parking. eciConstruction is currently working on two more Rutter's locations in Emmitsburg, Maryland, and Bedford, Pennsylvania.

## GREENCASTLE WALMART WAREHOUSE

Midstate Mechanical & Electrical is an electrical subcontractor for Gettle Electric on this automated storage and sorting warehouse built for Walmart by Clayco Construction.

The building is approximately 1.5 million square feet with an additional 1 million square feet of mezzaine space. Midstate Mechanical & Electrical's portion of the electrical contract include lights and electrical outlets for around 100,000 square feet of office spaces, including more than 20 offices, 6 training/break rooms, 2 guard shacks, an engineering suite, and site lighting. That totals about 2,000 outlets, 350 light fixtures, 103 street lights, and 33 electrical panels, as well as a full fire alarm system.

Jerry Huber is the Project Manager for this contract. Scott Klinger is the Superintendent for the office build-out, Dustin Thomas is the Superintendent for the site lighting, and Gary Lauer is the Superintendent for the fire alarm system installation.

## SPRINGETTSBURY TOWNSHIP

Midstate Mechanical & Electrical is the electrical contractor for the Springettsbury Township project. The project consists of emptying the existing township building and expanding upon it. Once the building is complete, the former police station will be demolished to expand their parking lot. Midstate Mechanical & Electrical is installing electrical service, a generator, fire alarm system, interior electrical, security/access control systems, and parking lot lighting. The Superintendent of the project is Will Powers and the Project Manager is Jerry Huber.
